SIENA

Siena is a dense double-width fabric woven with twill binding. The collection contains both plain and mottled colours, all with the same fine luster and beautiful drape.

Siena is double-sided and works very well as a room divider or where there is a need for confidentiality, another example is fitting room drapes.

This fabric is suitable when fire safety, ease of care and colour durability are priorities.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
